

Sketch from actual photograph showing the distinguished psychologists trying the Realism Test in the Edison Shop, New York.

You too can try this fascinating REALISM TEST

We give it in our store. You can hear it exactly as did the noted psychologists who visited the Edison Shop on Fifth Avenue, New York.

You've been hearing about the astonishing realism of the New Edison.

Now you ask: "Is this realism so true that I feel the same emotions in listening to the New Edison as I feel in listening to the living singer?"

Our answer is—put the New Edison to the test!

Mr. Edison devised his unique Realism Test for this very purpose. Then he invited distinguished psychologists to try it out.

Each of the three men got sensations that were startlingly vivid.

"I could have sworn there was a living singer standing behind me," said Dr. W.

V. Bingham, Director of the Department of Applied Psychology, Carnegie Institute of Technology.

"I felt the presence of a living singer. The accompaniment seemed by a separate instrument," reported Prof. C. H. Farnsworth, Director of the Department of Music, Teachers' College, Columbia University.

"The music filled my mind with thoughts of peace and beauty," said Wilson Follett, Esq., noted music critic.

We'd like to have you come into our store and try this same test. See what sensations you get. The Realism Test is the conclusive way for judging the realism of the New Edison.

Ask about our Budget Plan. It shows you how to buy your New Edison through Thrift.
